

30th January, 2013.

Dear Doctors,

Warm Greetings from Ozone Forum of India!

Friends, it is time to get together and share + enhance our knowledge on Ozone Therapy. As you are aware, Ozone Forum of India holds National Conference every year during March where the latest development in our field and the actual experiences by patients are shared, thus expanding the horizon of every practitioner and giving a boost to the beautiful science to take firm roots in our practices.

As our on-going commitment to offer the best to our doctors and patients, Ozone Forum of India has arranged for a Two day program on 30th and 31st March 2013.

“Ozone Therapy with Integrated Medicine approach”

In our continuous effort of promoting Ozone therapy we are going to widen our thinking and use this novel therapy integrated with other alternative therapies.

We are also pleased to inform that we are having a **workshop on newer techniques on Ozone therapy by Russian expert and researcher on Ozone therapy. He is going to cover techniques in Cosmetology, Pain Management and EBOO. He is on the experts Panel of International Scientific Committee of Ozone therapy.**

The Program on 30th March 2013 Includes following topics and Registration fees for OFI Members is Rs. 1,000 and non-members is Rs. 1,500 only.

1. Russian techniques on Ozone Therapy – Professor Eugeny Nazarov
2. Anti-Aging Medicine-Myth or reality By Dr. Lenny D’costa
3. Body code system - Dr. S. L. Shah (Evaluation of Disease with six major causative factor like Nutritional, toxicity, circulatory, pathogen, energy, structural)
4. Acupuncture points with Ozone therapy – Dr. Hemant Thakkar
5. Magnet Therapy and Laser therapy - Dr. K. R. Karnam
6. Prolotherapy with Ozone in Knee joints – Dr. Gautam Shah

Following the above integrated training programme, on 31st March 2013 we shall have the Conference at Bombay Hospital for the sharing of papers and experiences by OFI doctors. Speakers will share their papers to the august panel and audience. There are NO FEES to attend the conference; however REGISTRATION in ADVANCE is a Must.

So friends, please mark your calendars for the 30th, 31st March 2013 where we can all meet and enhance our practices to newer levels for our commitment to provide a wonderful therapy for the classes and the masses.

Ozone Forum of India

PS : Please register at the earliest to avoid disappointment as we have limited seats.

Eugeny Iv. Nazarov

Dr.Sci., Full Prof.

Location:

Odessa-city, Ukraine

Industry:

Current

- President of All-Ukrainean association of ozone therapists,
- Executive President Asiatic-European association of ozone therapists,
- CEO "Econika" SPE. Private company dedicated to Medical and physicochemical equipment design and manufacturing.
- Professor consultant of International Scientific Committee of Ozone therapy (**ISCO3**) (<http://www.isco3.org/members.html>)

Education

Odessa State University by name of I.I.Mechnikov, M.Sc., Ph.D, Assoc.Prof.

Websites

www.ozonotherapy.org

Summary

Research of the mechanism of action of drugs, working out of methods of medicinal therapy, including methods of ozone therapy. The author 81 scientific articles on biophysics and medical problems.

Specialties

- Research of the mechanism of physiological activity complexions and their analogues.
- Research of biophysical mechanisms of action of ozone on biological membranes.
- Researches in area creation of methods of an estimation of physiological efficiency of ozone therapy.

Experience:

Professor consultant of International Scientific Committee of Ozonotherapy (**ISCO3**), August,2010-present

Executive President of the Asian-European Union of ozonetherapists. May, 2007-present

President All-Ukrainean association of ozonotherapy, Nov.2002-present

CEO "Econika SPE" Jan.1990-present

Full Professor May 2008- present

Dr.Eng.Sci. Jan.2007.

Academy medico-engineering science, Moscow(Ukrainean branch)

Assoc. Prof.

Odessa National Polytechnic University

Higher Education Ministry

November 1997 – December 2002

Assoc. Prof.,PhD. Managing biophysics laboratory

Odessa State University of a name of I.I.Mechnikov

Higher Education Ministry

September 1983 – October 1989

The senior scientific employee of laboratory of biophysics

Odessa State University of a name of I.I.Mechnikov

September 1977 – September 1983

The engineer-researcher

Odessa State University of a name of I.I.Mechnikov

September 1976 – September 1977
